

## Press Release

14<sup>th</sup> December 2010

GVS Assist becomes the approved service supplier for Scanomat UK

As of 1<sup>st</sup> January 2011 GVS Assist will become the only approved service provider for Scanomat UK's premium quality beverage solutions.

Since the 1980's, the Danish manufacturer Scanomat has supplied the UK with coffee brewing systems that are renowned for quality worldwide. Some of the customers worldwide using Scanomat equipment today include major supermarket groups, fast food outlets & restaurant chains. They can just as easily be found in 4 and 5 star hotel & restaurant environments. Log on to Scanomat UK's new website [www.scanomat.co.uk](http://www.scanomat.co.uk) for more information.

Simon Bracken, Managing Director, Scanomat UK commenting on the GVS Assist appointment as the designated approved equipment service provider: "With our commitment to delivering product quality, design and versatility being critical, we understood the choice of service provider was equally important. Opting to join forces with an industry respected company such as GVS Assist was an easy decision. In terms of quality, reliability and service they offer an unrivalled operation and together, we look forward to bringing a total beverage solution service to our customers in the UK."

The unique partnership will enable GVS Assist to exclusively service Scanomat UK's machines across the UK. GVS Assist provides servicing and maintenance of specialist coffee machines for organisations including Marks and Spencer and Tesco.

Debbie Mann, Managing Director of GVS Assist said: "We have our own team of 150 highly trained service engineers who cover the whole of the UK. GVS Assist has the ability to provide fast response times and excellent first time fix rates, we are delighted to be working in partnership with Scanomat UK."

Both Scanomat and GVS Assist are privately owned companies; this move comes on top of further strategic growth for both businesses, in particular across the UK and Ireland over the past year.

**Ends**

**Notes:**

GVS Assist is a leading UK specialist in the maintenance and supply of commercial refreshment machines, refrigerated display coolers and specialist espresso machines across the UK and Ireland. It is a totally private and independent business with over 220 employees. The Head Office is based in Smallfield, Surrey with further offices in Wakefield and Ireland. GVS Assist provides complete vending support to all its customers through a comprehensive nationwide network of 150 of their own highly experienced engineers that are available 24 hours a day, seven days a week.
